# WHAT IS A ZINE?

A zine is a handmade magazine.

Usually about a specific topic.

## SAY SOMETHING

You can make a zine to share your experience, to inform or educate, to celebrate a fandom, to share art or poetry, or to advocate for a cause you care about. Zines can be by a single person or can be a collaboration.

What are your interests, passions, questions, fandoms & curiosities? This is where you'll find your zine's topic.

## MAKE IT

Use whatever you have.

Zines can be handwritten or typed.

Use your computer, collage, make rubbings.

Add stickers.

Doodle.

Decorate.

There are NO RULES.

Play around, embrace mistakes,

(proof of your humanity in an AI world)

and have fun.

## SHARE IT

You can share physical or digital copies. Post on a blog or make photocopies to trade or sell. Leave copies in little free libraries.

or send to zine archives.
